CHAIR'S REVIEW

When I look back at the past year, I see considerable achievement while also acknowledging another season of disruption caused by COVID-19. It was a great effort by all to complete the local season under difficult circumstances.

Unfortunately, this meant we had to cancel our Awards Night. However, we look forward to a gala evening early in 2023. Additionally, our partners at the Heat were unable to play any games. Roll on 2023!

The board continued to focus during the year on the five pillars of our strategic plan - participation, high performance, club health, facilities and profile.

It was again pleasing to see increased participation during the 2021-22 season, with extra teams in both the senior and junior competitions. Improving participation pathways and opportunities is one of BWA's main areas of strategic focus. This includes working with Tee-Ball WA, schools and other organisations to generate grassroots interest and transition young players into baseball.

Reform of senior competitions was another focus area. Thank you to the sub-committee that provided a framework for competition reform and the clubs for their support of the initiative. The proposed changes are now being implemented.

The Baseball WA Heritage Committee achieved notable progress during the year. The Heritage Committee's goals include increasing awareness of the history of baseball in WA, and ensuring high achievers are duly recognised through life membership or Hall of Fame membership. The committee also seeks to ensure the history of baseball is accurately recorded. The Museum is continually expanding and improving. Check for opening times. It is worth taking the opportunity to have a walk through when you have the opportunity.

As a not-for-profit community sporting association, Baseball WA's goal is to ensure we have sufficient funds to sustainably deliver our programs. In support of this goal, we recorded a healthy surplus for the past year. This was distorted somewhat by the large inflows and outflows for the ballpark development.

The board has continued to focus on careful budgeting and financial management. We received continued financial support from Healthway and the Department of Local Government, Sport and Cultural Industries, which we greatly appreciate. The Board continually explores additional funding sources. We are well placed financially for the future.

I thank Jason Hewitt for his contribution to the Board. We look forward to welcoming two new members to the Board at the upcoming AGM.

Finally, I wish to thank all clubs, players, officials, volunteers, my fellow board members, our chief executive Lachlan Dale and his small, dedicated team for their contribution to baseball in Western Australia.

Marie Malaxos

Chair, Board of Directors, Baseball WA

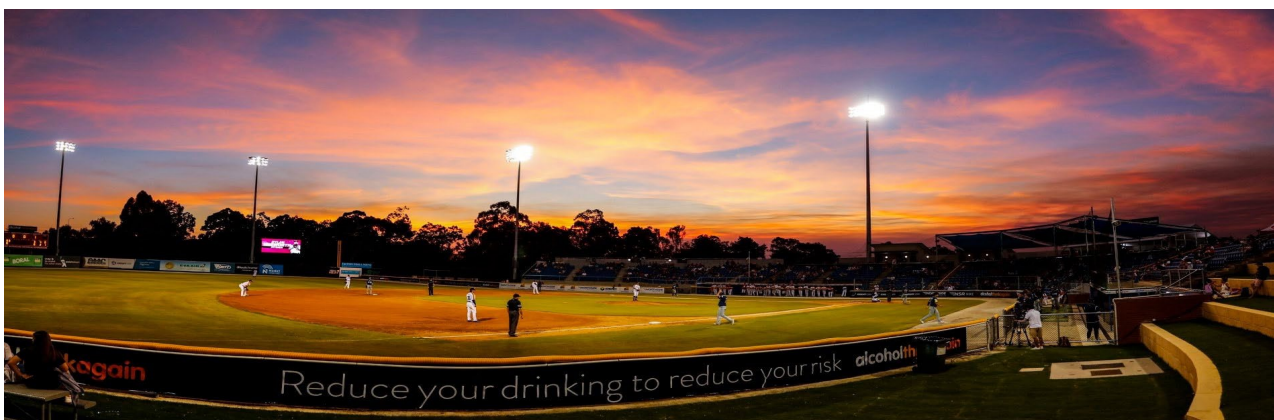

CEO'S REPORT

First and foremost, thank you to the clubs, volunteers, supporters and committees within Baseball WA. We can't say it enough though, but the game itself is what it is because of the clubs, members, and volunteers that put countless time, effort and sacrifice in at the local level, persevering through challenges to allow the sport to be in such a strong position and ready to launch forward. Your work is greatly appreciated.

I would also like to thank the staff who work tirelessly on providing support and guidance to clubs and members throughout the year. Most of their work is behind the scenes when nobody is around with the main objective of delivering better outcomes for the baseball community. This extends to the Board of Baseball WA for their leadership of our game. The Board will continue to develop strategies and implement key actions for the future whilst guiding new initiatives to ensure WA is progressive and leading the country in growing the game.

As we know we have had an interrupted past few seasons and a fractured ability to appropriately recognise the great performances on the field and celebrate all the positives development happening off the field.

To our commercial partners, thank you: Department of Local Government Sport Cultural Industries, Healthway, The Garment Exchange, Diamond Fitness, Nexus Advisernet, Fielders Choice, Sixteen23, and our newest partner Harcher as our platinum naming rights partner. We're excited you've come on board and believe in the great opportunities the sport provides for the community.

It's been an exciting 12 months for WA baseball as we returned to normal play in WA with a slight tweak at the back end of the fixtures last season which ensured the games could be played and we didn't miss finals for another year. With the support of clubs being flexible and agile throughout the year, we were able to have premiership teams and award winners whom were acknowledged at the Season Launch and Women's Gala Round.

Over the past few years, the sport has also recognised that we also need to do things a little differently if we want to grow so in working closely with clubs, working groups, and via feedback from members, we will see the implementation of a new competition structure this season. The State, Community and Women's Baseball Leagues will allow a more targeted focus on what's important and valuable to all participants.

Baseball's relationship with tee-ball continues to grow with an expanded MOU between the two organisations as BWA expands its level of delivery across participation and recruitment of grassroots participants throughout the state. Tee-ball numbers have increased over 8.4% in the past 12 months which is the first increase in over 10 years. This is in addition to increases in overall baseball participation at juniors and seniors, resulting in a 7.5% increase in participants playing our game. With a collaborative planning and delivery approach between baseball, tee-ball, clubs, members and volunteers, we believe this will continue to thrive. We again thank you and appreciate the role that you play in this.

Some exciting times ahead this season which will see Baseball WA host our first Indigenous Rounds at the end of November 2022. With artwork designed by Loretta Egan, Mike and the team at Garment Exchange went to work and have produced jerseys for all 11 State League clubs with both Kwinana and Kalamunda also supporting the project.

We believe this will be the starting point for clubs to engage with local government, the Indigenous community and its members to build better relationships and programs of inclusion.

We will also launch our Friday Night Broadcast of State League games from Empire Ballpark. Every Friday night game will be streamed with commentary and the opportunity to watch a game from the ballpark or from home. Paul Morgan and his team will host the streams and we encourage clubs to use this as an opportunity to further promote your clubs activities and good new stories to the wider community. Ideally clubs can have a representative to jump on for a few winnings or there could be a budding young broadcaster who wants to get their feet wet throughout the season, we'd would love to hear from you.

In addition to the broadcast and games at the ballpark, we will also host a weekly podcast. The week that was, good news stories, events, homeruns, pitching outings or just something exciting that happened on the weekend and also to preview the weekend ahead. This is not just a State League podcast, this is for all of baseball where we'll interview guests from tee-ball, juniors, and seniors throughout the year typically every Tuesday night.

There are many good news stories in club land and this increased opportunity will help grassroots organisations promote what's good in their club and will of course raise the sports profile.

Our programs were again successful driving both retention and recruitment of members. Collectively these programs reached over 38,000 participants.

We held the Tee-Ball Super Challenge, Pony Girls, Women's Super League, Machine Pitch 70 Summer Classic, over 70 Sporting Schools, eight regional camps and community programs, and the Rays Showcase which replaced the cancellation of the Australian Youth Championships due to COVID-19. During the winter we also conducted our male and female high-performance programs, Pro League, and the newly added the Barclay Cup.

A few quick highlights throughout the winter of course have been state and national charter tournaments with two of the four national champs coming from WA: Wanneroo Giants in Intermediate League and Eastern Phantoms in Junior League. Both teams represented WA with distinction on and off the field, making the most of this trip of a lifetime.

At the elite level, 25% of Australian national team representatives were from WA and managed by our own Andy Kyle. In more recent months, we saw an additional 10 WA players and staff representing Australia at the Under 23s in Taiwan and the Open Men's National teams in Japan.

For the first time in over 22 months, ABL and the Perth Heat are back, so to Steve and the ownership group, thank you for your continued investment into the team to ensure Perth Heat remains relevant in the sporting landscape. The Heat provides great entertainment and serves as an aspirational goal for many of our young players coming through the pathways. Stay tuned this season as there are big things on the horizon for the Heat.

Of course, the recognition and preservation of the history of the game continues, so to Paul Tye and the other volunteers at the only Baseball Museum in the country, thank you. There are many amazing artifacts on display at the ballpark and the museum is open during the Perth Heat season, so please stop by and see the great work they've done over the past few years.

On a final note, thank you to everyone in the baseball community for their time, effort and passion for the game, especially in the most difficult times that participation sport around the country has faced. As an organisation, we continue to set high expectations to grow the game in WA and with passionate people not only at clubs but the wider baseball community, WA will continue to shine and be the benchmark for baseball in Australia.

As I hope you are, we're looking forward to the new success that we all achieve together in the 2022/23 season and beyond.

Lachlan Dale
Baseball WA CEO

HIGH PERFORMANCE MANAGER'S REPORT

Pre-Season: Perth Heat vs Morley

We kicked off the preseason with a game against the 2021 State League Champions Morley Eagles. This was a new initiative to play the defending State League champions in a pre-season game. This was a great success and a positive warm up for the local Australian players, along with some of the High-Performance Futures players.

The day was a success with a lot of community involvement and an opportunity for our local Perth Heat talent to come together as a group to play in a competitive environment leading into the season. A great blend of veteran players and an opportunity for some of our emerging stars were able to share the field and begin the transition into the Perth Heat.

Training

Pitchers were provided throwing programs during the winter and opportunities to come and work out on the field with our High Performance program. Pitchers started programs between July-August in their preparation for the season.

Position players were also provided an opportunity to come down and get some specific on-field training in from August to prepare swings and condition arms. We began specific work as a group on Sat Mornings and Tuesday nights from September.

ABL Season

Due to COVID, the 2021/22 ABL season was cancelled. We were able to play a promotional game as part of the Old Timers Day as the night cap. This was a great event and was very well supported by the playing group. Some of our players participated in the Home Run Derby, followed by a game against the Heat Futures squad.

High Performance Heat Futures

The Heat Futures High Performance Program continues to grow and establish itself as one of the best programs across the country. Athletes are involved in an on-field component which is in two 10 week blocks during the winter and S&C component all year round with Diamond Fitness. Thank you to on-field coaches Leigh Moyle, Kurt Russell, and Rod Drew and pitching coaches Mark Pettit and Arnie Noel.

Rays Showcase

Due to COVID, NYC's were cancelled for January 2022. Instead, we hosted the Rays Showcase, bringing in 60 players from 16's and 18's age groups to make up four teams.

Athletes were involved in a spring training environment, capped off with a seven game series in each age group. We also introduced the Rays 10 commandments to provide accountability and start the culture of how we want to play the game for Baseball WA.

The showcase was held over a two week period, including some key focus areas: Bob Ossey and Jason Hewitt (Greg Jelks Fund) talk, DISC profiling, massages, S&C, combine testing, skills development, pitching specific program, games (three games broadcasted), and use of Rapsodo technology. This was a huge success and was the biggest program set across the country.

16U NYC

The 16U State Team was selected out of the Rays Showcase in January. 25 players were selected as part of the training squad, with 20 players heading to QLD to represent WA in July. The team has been working out since April in their preparation. Congratulations to team staff Kent Fitzgibbons (manager), Daniel Calverley (assistant coach), Brandon Migro (assistant coach), Stu Howell (pitching coach) and Carol Williams (EO & physio).

18U National Team Selection

Nine of our athletes were selected for the National Team Camp in April. All nine were then selected to the 40-man National Team Squad, which travelled to the USA at the end of August. The group took part in a week camp with Perfect Game before final team selections and the U18 World Cup in Florida.

Professional Signing

BJ Cooke was signed to a contract with the Oakland Athletics in a minor league deal. He will head to the USA to begin his professional career during the June/July in 2022.

College:

Tyson Noel, Maddux Stivey, Caleb Goodwin and Dylan Bojarski have all committed to junior colleges in the USA. These athletes will head off in August 2022.

Kind Regards

Andrew Kyle

Perth Heat Manager & High Performance BWA Coach

OPERATIONS SUPPORT

Report by the Operations Support Manager - Caroline Adamson

It's a pleasure to present this report for the 2021-2022 season. A big thank you goes out to all club volunteers for the huge job you are required to do for the season. Being a volunteer is a demanding task, often thankless, so thank you for contributing so much of your time, energy, and efforts to it.

Team Nominations

Of all the registered players, the competition broke down to:

- Senior Competition Teams: 106 teams
- Big League: 14 teams
- Senior League: 19 teams
- Junior League: 17 teams
- Intermediate League: 24 teams
- Little League Majors: 41 teams
- LL Minors Machine Pitch: 18 teams

Registration System for Clubs & Charters

To register all players in the 2021-22 season, Sportslomo database was maintained and used by clubs and all charters. All members were required to registration via the registration portal. Members were more confident using the registration portals. Transfers went smoothly with the use of paperwork completed manually so we can keep better track of members moving clubs. With the State Championship teams, all charters complied and used the charter registration portals, which in turn made the process simpler to track player registration fees for the tournaments. For future State Championship tournaments, all charters will continue to use the charter registration portals for player registration and fees.

Increased Use on GameChanger

In the 2021-2022 season all Junior / Senior / Big League and State League 1 teams scored using the GameChanger App. For the coming 2022-2023 season, all senior teams and junior teams, big league down to Intermediate League will be scoring on GameChanger.

It will be mandatory for each game to have the away team book scorer and home team use GameChanger. A second book scorer can be optional if the club wishes. Games scored using gamechanger will not require to submit game reports taking added pressure off these volunteers.

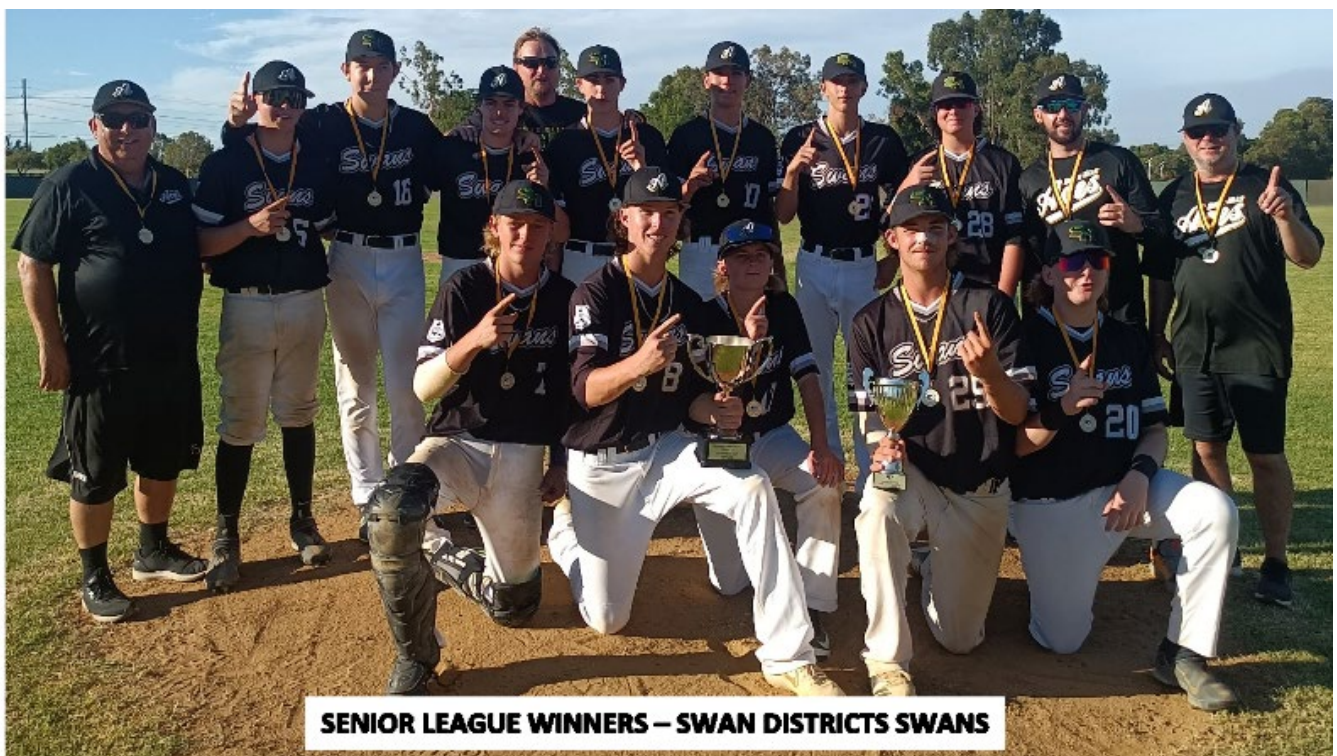

Scorers who will require to use gamechanger, will be sent as much information as possible to upskill. Help book and support will be accessible. There is good feedback from fans and clubs to keep growing the use of GameChanger.

Intermediate League - Wanneroo Giants

Little League Div 2 - Central Firebirds

This season, Western Australian teams won two of the four national pathway championships, with the Eastern Phantoms taking Gold in the Junior League and the Wanneroo Giants taking out Gold in the Intermediate League.

Both teams won the right to represent Australia region at their respective World Series events. Special mention needs to be made of the Coastal Bay Sharks who won a state championship for the first time, in the Little League divisions and finished a creditable fourth at the nationals.

Also, from the players who were not lucky enough to play in a charter team that qualified for the nationals, we formed combined teams in four age divisions to come in the newly created Down Under Winter Classic on the Gold Coast. All teams acquitted themselves well and a great time had by all.
